[15:11] <mayito1990> Ill buy this game when they fix the p2w situation

[15:12] <secretbossfight> I wish they had characters from the cartoon, but theyâ€™ look weirdly out of place in this cinematic style. Though itâ€™ be neat to see realistic-style Zeb & Sabine.

[15:12] <encelor> @Mayito1990 never happening its EA

[15:12] <somethingyer2> this game needs jar jar binks or no buy

[15:12] <neospartanhesperos9> nobody is forcing you to ptw, you can just play the game and earn it

[15:13] <secretbossfight> @neospartanhesperos9 The problem is it eventually leads to some Clash of Clans shit where the developer is rewarded by matching you with people who buy a ton of power

[15:14] <mayito1990> This game will be dead after Christmas

[15:14] <theycallmejimbo> it did indeed Darkviking159 I'm surprised it's so cheap too compared to xbox game pass

[15:15] <secretbossfight> Dead after Christmas? Seems to me a lot of people think it looks alright but wonâ€™t pay \$60 for it.

[15:15] <gettwobirdsstonedatonce> Hans shot first, Câ€™mon itâ€™s Harrison Ford

[15:15] <spinbrett> @Mayito1990 is this game worth buying? rate it from 1 to 10 with 10 being a masterpiece

[15:15] <secretbossfight> Honestly I buy almost nothing at \$60 so I donâ€™t get this idea that games are always dead after two weeks

[15:15] <dukaduka> @SecretBossFight the same with movies. people love that new car smell LUL
[15:15] <coolcoollo> 6
[15:15] <secretbossfight> \$60 is a lot for just a couple weeks of entertainment, especially if youâ€™re a kid with no job

[15:16] <teamguardanator> 7
[15:16] <mayito1990> 5/10
[15:16] <ass_blastor> even if you're an adult, 60 is a lot
[15:16] <darkviking159> @NeoSpartanHesperos9 if you have origin access you can get the deluxe version for free and by the looks of it it seems like when a game is out for 6 months it gets put in the "EA vault" (all the games you get with origin access)
[15:16] <encelor> redlight district hookers are 20euros
